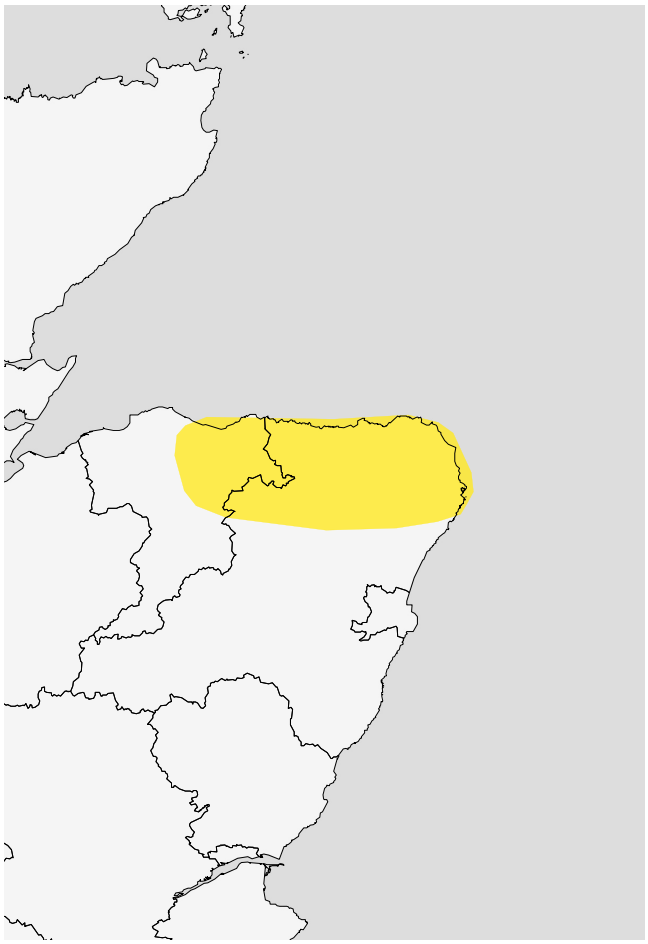
Yellow warning
**Rain**

Between
**22:00 Tue 9 Jul 2024** and
**04:00 Thu 11 Jul 2024**



## Rain becoming heavy and slow moving leading to impacts on travel and infrastructure.

### What to expect

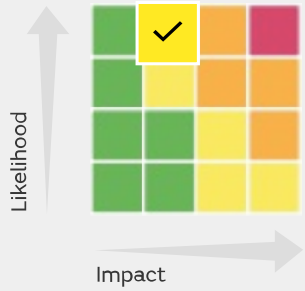
- Bus and train services affected with journey times taking longer
- Spray and flooding on roads will make journey times longer
- A few homes and businesses flooded

### Further details

Persistent rain, heavy at times, will continue for the rest of Wednesday before dying out during the early hours of Thursday. Accumulations of 25 to 40 mm are expected quite widely with 50 to 60 mm possible in places, this mainly over high ground.

What should I do?

Check if your property could be at risk of flooding. If so, consider preparing a flood plan and an emergency flood kit.



✓ High likelihood of low impacts

Yellow warning
**Rain**

Between
**22:00 Tue 9 Jul 2024** and
**04:00 Thu 11 Jul 2024**

## Further Details (continued)

Give yourself the best chance of avoiding delays by checking road conditions. You may need to amend or even cancel journeys if driving conditions are dangerous. Keep up to date with bus and train timetables for delays or cancellations.

It is not safe to drive, walk or swim through floodwater, avoid it where possible and if you are affected by fast flowing or deep-water call 999, and wait for help.

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

Be prepared for weather warnings to change quickly. When a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.

## Reason for update

Warning area reduced in size. End time extended into early Thursday morning. Warnings reduced to low impacts.
